

**LEGAL NOTICE**

**STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.**

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1<sup>st</sup> Floor, LaSalle Building, 617 North 3<sup>rd</sup> Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, OCTOBER 6, 2009**, upon the application of **J-W OPERATING COMPANY**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Haynesville Zone, Reservoir A**, in the Jamestown Field, Bienville Parish, Louisiana.

1. To establish rules and regulations governing the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, and to create three (3) drilling and production units for the Haynesville Zone, Reservoir A.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate an operator of, and unit well for, each of the proposed units as may be appropriate.
4. To propose that future wells drilled to the Haynesville Zone within or outside the units proposed herein, be located no closer than 330 feet to any unit line and no closer than 660 feet to any well completed in, drilling to, or for which a permit has been granted to drill to the Haynesville Zone, and to provide that with respect to horizontal wells drilled to the Haynesville Zone, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, the distance to any unit boundary and offset well will be calculated based on the distance to the nearest perforation in the well and not based on the penetration point or terminus of the well in the Haynesville Zone.
5. To consider such other matters as may be pertinent.

The Haynesville Zone is defined as the stratigraphic equivalent of that gas and condensate bearing interval encountered between the depths of 10,305' and 12,620' (electrical log measurements) in the Questar Exploration & Production Co. (formerly Will-Drill Production Co.)-Sustainable Forest 28 No. 1 Well, located in Section 28, Township 15 North, Range 9 West.

A plat is available for inspection in the Office of Conservation in **Baton Rouge** and **Shreveport**, Louisiana.
